CLAIM

The ornamental designs for a themed set of handmade decorative soap bars "My Georgia!" and their packaging, substantially as shown and described.

DESCRIPTION

FIG. 1 is the design for a first soap bar "PEACHES," wherein colored soap inlays form the image of a peach with leaves;

FIG. 2 is the design for a second soap bar "HONEYBEE," wherein the color and surface texture suggest a natural honeycomb;

FIG. 3 is the design for a third soap bar "VIDALIA," wherein colored soap layers suggest those in a sliced Vidalia onion;

FIG. 4 is the design for a fourth soap bar "SALTED PEANUTS," wherein bits of crushed peanut and sea salt add texture;

FIG. 5 is the design for a fifth soap bar "CHEROKEE ROSE," wherein colored soap inlays form the image of a wild rose bloom;

FIG. 6 is the design for a sixth soap bar "JOJA RED CLAY," wherein nontoxic mineral bits suggest the look of natural red clay;

FIG. 7 is the design for a seventh soap bar "CREEPIN' KUDZU," wherein green mottling suggests kudzu leaves and shadows;

FIG. 8 shows the designs for a bag header and an explanatory insert to be used in packaging;

FIG. 9 shows a stack of seven bars comprising one of each kind, plus the explanatory insert placed along one edge of the stack, just prior to bagging; and

FIG. 10 shows the stack of bars and the insert packaged together in a mesh Vidalia onion bag, further carrying out the "My Georgia!" theme, with the bag header attached.
